Mr. Harold Weisberg
Dear Sir;

Please find enclosed an article from the Toronto Star. We have been unable to attain the date of this Kimble article. The article is mentioned in the final Report of the House Committee regarding Martin Luther King. Can you provide us with a photo of Kimble, or the date of the article.

You are correct the photo I sent you is very similar to Brehm. In fact the man to the left of the subject, wearing glasses is the same man who stands to the left of Brehm when he was interviewed.

I am enclosing a police report I obtained from M. Fensterwald's files. Do you have any information on him.

My research has also lead to a retired Army Colonel William Dale. He founded the ultra right California Rangers, and had links to Howard Hughes. Do you have any photos or info on Dale.

Lastly, we are trying to acquire a good photo of Frank Liberto. As we are unknown people have not helped us. Perhaps if you contact John Davis on our behalf.

With God's help -
